

Control Lime Scale and Bio-fouling in all Water-Fed Appliances

The Green Market Answer - *Chemical-Free*

TWT water treatment systems are engineered for exceptional performance. These systems are also ideally suited for Homes, Offices, Farms, Medical/ Dental & Laboratory Environments, Restaurants, Schools, Coffee & Tea Dispensers, Ice Making Machines, Spas, Beverage Dispensing Machines, Bottleless Water Coolers, Tavern Draft Taps, Aquariums, Espresso Machines, and anywhere the need for cleaner water to use and drink is required.

How the Triangularwave Systems Control Lime Scale, and Biological Deposits.

Scale and biological deposits form when these elements "stick" to the surfaces of tubes/pipes, water tanks, heat exchangers, plumbing fixtures and other water-fed equipment. The Triangularwave Deposit Controller charges the particles in the water so that they will not stick together or stick to any surfaces.

HARD WATER PROBLEMS SOLVED EASILY!

Simply Said...

The TWT® Deposit Control Technology gives you the total effect of soft water without the negative consequences, and clear up the deposits you already have!

Advanced Technology Means...

- Reduces onsite service calls
- Prevents scale & slime buildup on tubes/piping and equipment surfaces
- Reduces Corrosion
- Stops Lime Scale Build-Up
- Controls Algae and Bacteria
- Uses no salts or other chemicals
- Reduces Spotting on Ice
- Provide the effects of softened water, neutralizes calcium hardness effects in the water
- Quickly pays for itself and continues saving (energy, water and maintenance)
- Service and **MAINTENANCE-FREE!**
- Improves efficiency of all water-fed appliances and extends their life cycle
- Descales the entire system over time
- Extends Life of Heating Elements
- Designed for safety: The output is safe to both personnel and equipment. There is **NO ELECTRICAL CONTACT WITH THE PIPE**

FIELD TESTED AND PROVEN EFFECTIVE

ELIMINATE DEPOSITS IN PIPES, FIXTURES & EQUIPMENT
